STEM Festival – STEM goes GLOBAL

Dear Parents

Year 6 have been invited to a STEM (Science Technology Engineering & Maths) FESTIVAL at St Joseph's In The Park Independent Prep School in Hertfordbury on **Tuesday 16th May 2017**. The festival will involve exciting guest speakers and workshops provided by a number of recognisable organisations such as GSK, SETPOINT, Queen Mary University and Princess Helena College. The aim is to show how STEM is used around the world to further exploration, support health and predict events that impact our world.

The festival begins at 9:30 and will finish at 12:30. We will be travelling by coach and children will need to be in school by **8:40 am**. As we will be travelling back during lunchtime, the children will need a packed lunch, which they can eat when we return to school.

To help towards the cost of transport, we are asking for a voluntary contribution of £3.75. This will cover half of the cost and school will cover the other half.

Professional photographs of the event will be taken for promotional purposes, if you have any concerns regarding this, please do not hesitate to contact me.

I would be grateful if you could complete and return the slip below with your contribution by the Friday 12th May 2017, giving details of any medical concerns.

Yours sincerely

Mrs Kim King
Year 6 teacher

Year 6 STEM FESTIVAL – Tuesday 16th May 2017

I give permission for my child..... to visit the STEM Festival and enclose a contribution of £3.75
